**How can I get my correct article number?**

Easy. For example you want to configure and order the coat rack stand 70\*28?

Proceed as follows: First of all select the desired profile from category **A** e.g. option 2 - the right corner profile 65\*22mm. The first digit after the base number **RG70\*28** is 2.

Select the respective options from the remaining categories. The last 3 or 4 digits are taken from the length of the coat rack, category **F**. For example If you select for a 660 mm long coat rack, the last 3 digits of the article number will be 660.
